

P.O. Box 41 . 1209 Gadsden Street . Columbia, SC 29202 . (803) 779-2690 . FAX (803) 779-0049 . (800) 922-4127
Greenville, SC . (864) 220-1700 . FAX (864) 220-5050

Sensors, Logic Controls, Touch Panels, & Instrumentation

- Banner—photoelectric, laser and ultrasonic sensors, logic controls, wireless sensors and I/O
- Banner—vision, barcode and measurement sensors
- Turck—proximity and capacitive sensors, level controls, cordsets, intrinsically safe barriers, flow monitors, pressure monitors, linear transducers, Kübler encoders, RFID systems
- Red Lion Controls—HMI panels with web server and data collection, counters, rate indicators, controllers, digital panel meters, PLC peripherals, signal conditioners, process controllers
- Patlite—signal towers, rotating lights, signal horns and alarms
- Shimpo American—hand-held digital tachometers, panel mount tachometers
- ATC/Diversified Electronics—motor protection controls, time delay relays, voltage and current monitors
- Proface/Xycom—graphic operator interface devices, HMI panels and Industrial PCs

Machine Safety Products

- Banner Safety Products—light curtains, safety and emergency stop relays, anti-tiedown systems, safety switches
- Fortress Interlocks—safety interlock trapped key systems, modular pushbuttons and interlocks
- Larco—safety mats and controls

Electric Motor Drives & Controls

- Danfoss—AC voltage vector drives up to 1000 HP with bus compatibility, soft starters
- SIEL / Amicon—digital or analog, AC or DC drive controls, AC flux vector control, drive systems software, bus compatibility, tach generators & accessories, servo motors and controls
- Contrex / Fenner—digital controls for precise speed regulation of variable speed drives, single axis servo systems, trim, cut, shuttle, rotary, traverse controls, reflex power controls
- Magpowr—web tension controls and sensors, magnetic particle clutches and brakes
- Graham Transmission—DC drives and cycling controls thru 5 HP

P.O. Box 41 . 1209 Gadsden Street . Columbia, SC 29202 . (803) 779-2690 . FAX (803) 779-0049 . (800) 922-4127

Electric Motors, Controls & Accessories

- Danfoss—IEC contractors, starters, pilot devices, and solid state motor controls
- General Electric—general purpose control and transformers
- Moeller Electric—a comprehensive line of distribution, general purpose, and automation controls
- Ferraz Shawmut—fuses, fuse blocks
- Hoffman Engineering—complete line of NEMA and JIC enclosures, and climate control products
- Dynapar/Lakeshore/Northstar—mill duty digital tachometers, pulse generators and encoders
- Rees—heavy duty pushbutton operators and controls
- Meltric—switch rated industrial plugs and receptacles
- US Electrical Motors—AC motors, gearmotors and speed reducers
- Wago—“cage clamp” terminal blocks, connectors, and electronic modules
- Roxtec—cable entry systems

Bus Level & Networking Products

- Turck—network I/O and connectivity products for automation and process control
- Wago I/O—open bus connectivity I/O products, ethernet/IP
- Moxa—industrial device networking products, ethernet, serial and video

Mechanical Drives & Components

- Grove Gear—right angle and helical gear reducers
- Koellmann Gear—helical speed reducers and gearmotors
- Shimpo Drives—ring cone variable speed drives, circulate gearless planetary speed reducers
- Magne Corp.—magnetic particle brakes and clutches, controls
- Stober Drives—helical, helical bevel, helical worm and planetary speed reducers
